

## General Information

Can be used for any group, club, church, team, etc. as a great fundraiser.

Minimum purchase of bags from Infoshred is 100 bags at \$10.00 each. Infoshred provides the onsite mobile shredding unit on previously agreed upon date, time (start to end) and location at no additional cost.

Members charge \$20.00 each for the bags and sell them to friends, family and businesses.

Infoshred can help with creating the flyer to be emailed or sent to a printer. As well as promote on Social Media.

Infoshred shreds on agreed date and purchased bags can be brought to the truck. If the group wants to allow people who did no purchase bags to have material shred they can ask for a donation (up to group) and infoshred will take no part of those proceeds assuming the truck still has room.

Example: Youth football program with 100 Members.

2 bags each kid = 200 bags = \$2,000 purchase price

200 bags @ \$20.00 (or more up to group) \$4,000 or \$2,000 net profit to group.
