

General Information

Can be used for any group, club, church, team, etc. as a great fundraiser.

Minimum purchase of bags from Infoshred is 100 bags at \$10.00 each. Infoshred provides the onsite mobile shredding truck on a previously agreed upon date, time (start to end) and location at no additional cost.

Members sell the bags to friends, family and businesses for \$20.00 each.

Infoshred can assist with creating a flyer to be emailed or sent to a printer, as well as promote the event on social media.

Infoshred arrives to shred on the agreed upon date. Purchasers bring the filled bags to the shred truck. If the group wants to allow people who did not purchase bags to have their material shred, they can ask for a donation (dollar amount is up to the group) and Infoshred will take no part of those proceeds assuming the truck still has room.

Example: Youth football program with 100 members

Assume each child will sell 2 bags at \$10.00 each will cost the program \$2,000.00

Sales of 200 bags at \$20.00 each will result in \$4,000.00 in sales or a \$2,000.00 net profit for the group
